To Whom It May Concern:

Gary Grant Baer first approached Sarnia Community Services in 2008 with the wish to organize a City Revival in Sarnia which he later named Rescue Mission 2009. Rescue Mission 2009 was held July 31, August 1 and 2, 2009 at Dow People Place Entertainment Center in Centennial Park,

I was most impressed with Gary's energy, passion and professionalism when planning and implementing this Revival. As requested, he carefully followed direction from City Staff to complete all requirements for the Special Event Application Process.

Discussions with Mr. Baer after the Revival indicated that he was very pleased with how the public supported and responded to his event. The Municipality heard nothing but positive comments as well.

The Community Services Department of the City of Sarnia wishes Mr. Baer continued success and all the best in planning future Revivals.

Yours Very Truly,
