

Let me introduce myself;

My name is Chaplain Stephen Giuliano.

Working as a Chaplain for more than 11 years, serving the impoverished within Oxford county in an outreach organization supported by 8 Christian denominations and over 45 church-related groups, I have had the pleasure of witnessing Gary Grant Baer's ministry and compassion towards the less fortunate, as well as many others, first hand.

Gary Grant Baer is clearly a passionate man who shows his faith in action with a deep and dedicated desire to promote God's love for all people. He conveys a true sense of integrity in ministry as an evangelist and has been appreciated for his willingness in being among the people where they are in their own life situations while standing fast and living out of who he is and who he feels that God has called him to be. Gary shows a non-judgmental and patient approach to loving others from different walks of life, and he has given witness as both a teacher as well as by being a good student/servant of the living, ongoing Spirit.
